The Canberra International Riesling Challenge has grown in the last 16 years to become the most important annual event of its type in the Southern Hemisphere. This year 512 Riesling varieties, from eight countries have been judged, awarded, discussed at Master Classes and now will be tasted by hundreds of people at the biggest annual celebration of Riesling in Australia.

2016 has been a remarkable year for Riesling across Australia, and particularly for Rieslings grown in the cool climate vineyards of the Canberra Region. In fact, Riesling has been produced in the Canberra Region since 1850, with the district well renowned for some of Australia's best Riesling wines. This is demonstrated by record sales of the district's wine, increased vineyard planting of the Riesling variety, strong local entries to this year's Challenge and the excellent results of local Rieslings at two recent wine shows held in the district.

The ACT Government has been a proud supporter of the Challenge since it began in 2000, and is pleased to continue that support. The Challenge contributes positively to our economy and plays a significant role in promoting Canberra's credentials as a food and wine tourism destination.

As patron of the Canberra International Riesling Challenge, I congratulate the 2016 winners, each of which has earned an enviable mark of distinction from this wine show. I thank each of the talented winemakers for entering the show and maintaining the world class standard and reputation of the Challenge. I would also like to sincerely thank the eminent panel of judges from Australia and overseas who again had the very difficult task of assessing the many fine wines entered in this year's competition.

I am excited to see this important event grow and evolve as it works towards celebrating 20 years in the nation's capital.

Yours sincerely

CANBERRA INTERNATIONAL RIESLING CHALLENGE

Canberra International Riesling Challenge – a brief history

The concept of the Riesling Challenge came from Ken Helm AM, a pioneer Canberra winemaker with a passion for Riesling. The idea was launched in 1999 by Senator David Brownhill, later the Chair of the Australian Wine and Brandy Corporation, at the Murrumbateman Cool Climate Wine Show. Australia is the second biggest Riesling producer in the world next to Germany, and it seemed right that it should promote the variety.

The concept was further developed by Ken, with the Hyatt Hotel Canberra (the major sponsor at the time) and a group of Canberra business people, including (the late) Jim Murphy AM, James Service, Paul Walshe, and Emmanuel Notaras, together with the ACT Government.

Mr Wolf Blass AM accepted an invitation to be the first Chairman of judges and held that position for six years. He introduced the Wolf Blass Award, became a major sponsor, member of the Committee and is now the International Ambassador for the Canberra International Riesling Challenge. Ken Helm was elected Chairman and from that position has guided development over the last sixteen years.

The inaugural event in October 2000 at the Hyatt Hotel Canberra attracted 137 entries from across Australia. The trophy for the Best Riesling went to McWilliams 1996 Eden Valley Rhine Riesling.

In 2002 entries were sought from New Zealand, and in 2003 the inaugural Wolf Blass Award was announced to recognise a person or innovation that made a major contribution to the development and promotion of Riesling.

In 2004 the German Ambassador, Dr Klaus Peter Klaiber, offered a Perpetual Trophy for the Best German Wine and organised a comparative tasting of 21 German wines. This initiative resulted in the event becoming the *Canberra International Riesling Challenge* from 2005, and since then it has attracted increasing numbers of wines from Riesling producers across the world.

The international concept has been greatly assisted by Canberra's diplomatic missions, which provide a unique opportunity to source Rieslings from various countries through the ambassadors and high commissioners. The event has also led to the development of close relationships with many Ambassadors and High Commissioners from wine producing countries and close co-operation on issues round wine development, production, exports, education etc.

Seminars conducted by Charles Sturt University Wagga Wagga were introduced to promote better winemaker and appreciation of the many styles of Riesling. A Master Class is also conducted annually to allow Riesling enthusiasts to build their knowledge and enjoy guided tastings of the world's best Rieslings. Consumers are able to taste all of the Rieslings judged at a consumer tasting at the conclusion of the judging. This is a unique opportunity to taste some of the best Rieslings the world has to offer, many of which are not readily available in Australia.

The Challenge draws judges from German, USA, England, and New Zealand and from winemakers, media and sommeliers from across Australia.

2008 saw the introduction of judging on a regional level, a first in Australia for an international event. It showcases the individual characteristics unique to a wine's location in the world, the soil, the climate, aspect etc. A concept now being promoted by the Australian Wine and Brandy Corporation for promotion of Australian wines. It has become an internationally-recognised wine event, making it the largest event of its kind in the Southern Hemisphere.

The ACT Government's 16 years support for the event has been a key elements in its success in promoting, the Riesling wine styles, the Canberra Wine Industry and Canberra as a tourist destination to the world.

2010 saw the introduction of professional management of the Challenge with the appointment of Commerce Management Services to stage the event and to run the business of the Challenge.

Ken Helm's contribution to the development and promotion of the Riesling Challenge, the variety and the development of Canberra Wine industry, was recognised with an Order of Australia (AM) on 26 January 2010. That year saw the publication of *Riesling in Australia* by Ken Helm and Trish Burgess (former secretary of CIRC) which was the first comprehensive book on the history, regions, legends, producers and winemaking of Riesling in Australia.

The Challenge event in 2012 saw the introduction of the 100 point judging system, plus a Riesling Master Class for the wine industry and consumers, added to the event.

In July 2016 we took the Challenge overseas, holding the first Canberra /Wellington intercity event - the *Capital Cities Riesling Challenge* – to celebrate the signing of the Canberra/ Wellington Sister Cities Agreement on 6 July. The Canberra International Riesling Challenge foray into Wellington New Zealand on 7 July 2016 met with great success, despite Wellington winning the "bragging rights" for the top Riesling of the inaugural Capital Cities Riesling Challenge. It is intended that this will become a regular event, along with extending the *Capital Cities Riesling Challenge* to other capital cities to promote the best Rieslings from Australia and the world and the Australian wine industry.

Comments from Chairman of Judges, John Belsham

Riesling is one of the most enduring grape varieties in the world. She continues to prove from year to decade to century that she retains the pedigree to produce remarkable wines. Wines to suit all palates and all budgets. Despite the comings and goings of her younger fashion seeking cousins she epitomises grace and charm.

This year marks the 17th Canberra International Riesling Challenge. This event has justifiably earned its reputation as the foremost celebration of Riesling in the Southern Hemisphere. The judging panel that we have assembled is of the highest calibre. The competition attracts entries of the highest quality from the most revered Riesling producers in the world. Not surprisingly the results are eagerly awaited by the foremost wine professionals, retailers, restaurateurs and consumers.

It is with pride that I can pronounce this year as the most successful in the history of the event. We have achieved near record entries in all categories. An impressive 72% of entries received medals in 2016, up from 65% in 2015. The number of Gold medals awarded has risen from 10% to nearly 17%.

These results reflect the culmination of the respect for our event from the exhibitors, the quality of recent Vintages and the increasing expertise in winemaking. A significant contributor to this statistic is also the remarkable quality of the wines entered in the Museum classes, bearing testament to the technical advances in viticulture and modern winemaking.

We have been beguiled by these beautiful wines and we now invite you to celebrate their successes with glass in hand.

Cheers!

John Belsham
