The Canberra International Riesling Challenge is the most important annual event of its kind in the Southern Hemisphere. Now in its 19<sup>th</sup> year, the event still attracts the world's best Rieslings to Canberra and is a permanent fixture on our city's events calendar.

This year, the competition is as tough as ever before, with over 500 entries from growers across the world, including some of our best local offerings. Riesling has been an integral part of Canberra's wine industry for more than 160 years and I'm sure interstate and international visitors will enjoy sampling the best of our local offerings during the Challenge.

The wine industry around the Canberra region is a major tourist drawcard, attracting tens of thousands of visitors to vineyards and cellar doors each year. With 14 direct international flights a week connecting Canberra to the world and opening up significant export opportunities, there are more opportunities than ever before for our local sector to flourish.

I congratulate each of the winners of this year's Challenge, you all sincerely deserve your awards. I thank each of the talented winemakers for entering the show and maintaining and enhancing the world class standard and reputation of the Challenge. As patron of the Challenge, I would also like to thank the panel of judges from Australia and further afield who had the very difficult task of assessing all the fine wines in this year's competition.

I hope you all enjoy your time in Canberra and I once again congratulate all the winners of the Canberra International Riesling Challenge.

# CANBERRA INTERNATIONAL RIESLING CHALLENGE

## Canberra International Riesling Challenge – a brief history

The concept of the Riesling Challenge came from Ken Helm AM, a pioneer Canberra winemaker with a passion for Riesling. The idea of the Challenge was launched in 1999 at the Murrumbateman Cool Climate Wine Show. As the second biggest Riesling producer in the world next to Germany, and it seemed appropriate that Australia should promote the variety.

The concept was further developed by Ken, with the Hyatt Hotel Canberra (the major sponsor at the time) and a group of Canberra business people, including (the late) Jim Murphy AM, James Service, Paul Walshe, and Emmanuel Notaras, together with the ACT Government.

Wolf Blass AM accepted an invitation to be the first Chairman of judges; he held that position for six years. He introduced the Wolf Blass Award, became a major sponsor, member of the Committee and is now the International Ambassador for the Canberra International Riesling Challenge. Ken Helm was elected Chairman and from that position has guided development over the last nineteen years.

The inaugural event in October 2000 at the Hyatt Hotel Canberra attracted 137 entries from across Australia. The trophy for the Best Riesling went to McWilliams 1996 Eden Valley Rhine Riesling.

In 2002 entries were sought from New Zealand, and in 2003 the Wolf Blass Award was included to recognise a person or innovation that has made a major contribution to the development and promotion of Riesling.

In 2004 the German Ambassador, Dr Klaus Peter Klaiber, offered a Perpetual Trophy for the Best German Wine and organised a comparative tasting of 21 German wines. This provided an opportunity to promote the event as the *Canberra International Riesling Challenge*. Realising the international concept was made possible through the assistance Canberra's Diplomatic missions, which enables the entry wines from various countries to be sourced through the Ambassadors and High Commissioners. The Challenge has become an internationally-recognised wine event, making it the largest event of its kind in the Southern Hemisphere.

2008 saw the introduction of judging on a regional level, a first in Australia for an international event. This approach showcases the individual characteristics unique to a wine's location in the world, the soil, the climate, aspect etc. Since 2012 judging has been undertaken against the 100 point judging system.

Seminars conducted by Charles Sturt University Wagga Wagga were introduced to promote better winemaking and appreciation of the many styles of Riesling. A Master Class has been conducted annually since 2012 to build knowledge and appreciation of Riesling within the wine industry and consumers through presentations and guided tastings of the world's best Rieslings.

Consumers are able to taste all of the entry wines at the conclusion of the judging. This is a unique opportunity to taste some of the best Rieslings the world has to offer, many of which are not readily available in Australia.

The Challenge has drawn judges from Germany, USA, France, England, and New Zealand and from winemakers, media and sommeliers from across Australia. The 2018 Challenge welcomes for the first time a judge from China illustrating the growing interest in all things wine in Asia. Associate Judging positions which are offered annually to provide judging experience, are eagerly sought after roles.

The ongoing support of the ACT Government since the inception of the event has been a crucial factor in its success in promoting the Riesling wine styles, the Canberra Wine Industry and Canberra as a tourist destination to the world.

2018 sees a new record entry with 567 Rieslings from 240 wineries across six countries and four continents. This year for the first time a Provenance Class was introduced with entries comprising three vintages of the same wine/label produced from a single vineyard and winery, with 10 or more year's age range between the most recent and the oldest vintage.

The Canberra International Riesling Challenge has been a leader in innovation in wine judging, and promotion of wine and Riesling. The future will see it further develop with plans for national and International road shows to promote the best Rieslings in the world, and the Australian Wine Industry.

## Comments from Chairman of Judges

Nothing says 'wine geek' like having a passion for Riesling. In an article I read recently the writer suggests you ask the Sommelier who genuinely knows their stuff to name the greatest grape in the world and chances are they'll roll up their sleeve to reveal a Riesling tattoo. If you're lucky, they'll pour you a few tastes - that's how much we Sommeliers love the stuff. Riesling lovers don't want to impress you - they want to convert you.

Riesling touches our vinous lives in many ways. What sets it apart is not simply complexity - other great varieties possess this. It is the pure essence of soil and climate speaking through the grape. Great Riesling can be beguiling with aromas, flavours and textures that resonate seamlessly with the palate. From its bone-dry steely mineral expressions to lusciously sweet and rich expressions, the variation in styles is as wide as the geographical spread - from the South Pacific to the Finger Lakes, from Germany to Alsace. There is a Riesling for all occasions and palates.

The 2018 Canberra International Riesling Challenge remains the largest and most exacting in the Southern Hemisphere. With 567 entries from 240 producers it is a serious competition that showcases many fine examples. The future of the competition is assured with solid numbers of medals awarded across the classes - providing Producers, Winemakers, Sommeliers, Restaurateurs and International Wine Retailers an opportunity to explore and discover some of these great wines.

Riesling might be a bit tough on the tooth enamel after four days of judging, but we happily face the challenge for this noble variety. If you haven't assimilated the Riesling gene yet it's time to get tasting - the line-up of awarded wine from this competition will convert you.

With thanks to you all - my fellow judges, a great backroom and stewarding team and excellent organisation - I am humbled. Chairing the 2018 Riesling Challenge has been a privilege - a memorable, enlightening and rewarding experience.
